Lesson 7: The Justification — Constructing the CEIW Scaffold for The Lorax 51
Lesson 8: The Impact — Systemic Causality and Ecological Reflection in The Lorax 55
Lesson 9: Excavation — Explicit Evidence and Survival Causality in Fantastic Mr. Fox 58
Lesson 10: Evaluating Survival, Theft, and Provision in Fantastic Mr. Fox 61

PART D · LESSON PLANS 11–40 65

Lesson 11: The Justification — Constructing the CEIW Scaffold for Fantastic Mr. Fox 66
Lesson 12: The Impact — Systemic Causality and Ecological Reflection in Fantastic Mr. Fox 70
Lesson 13: Excavation — Explicit Evidence and Causality in The Iron Man 74
Lesson 14: Strata — Evaluating the Farmers' Choice to Bury the Iron Man 77
Lesson 15: The Justification — Constructing the CEIW Scaffold for The Iron Man 80
Lesson 16: The Impact — Systemic Causality and Ecological Reflection in The Iron Man 83
Lesson 17: Excavation — Explicit Evidence and Causality in The Wild Robot 86
Lesson 18: Strata — Evaluating Whether Roz Is a Mother or a Machine 89
Lesson 19: The Justification — Constructing the CEIW Scaffold for The Wild Robot 92
Lesson 20: The Impact — Systemic Causality and Ecological Reflection in The Wild Robot 95
Lesson 21: Excavation — Explicit Evidence and Causality in James and the Giant Peach 98
Lesson 22: Strata — Evaluating James's Escape and the Peach as a Refuge 101
Lesson 23: The Justification — Constructing the CEIW Scaffold for James and the Giant Peach 103
Lesson 24: The Impact — Systemic Causality and Ecological Reflection in James and the Giant Peach 105
Lesson 25: Excavation — Explicit Evidence and Causality in The Tale of Despereaux 107
Lesson 26: Strata — Evaluating the Mouse Council's Verdict 110
Lesson 27: The Justification — Constructing the CEIW Scaffold for The Tale of Despereaux 112
Lesson 28: The Impact — Systemic Causality and Ecological Reflection in The Tale of Despereaux 114
Lesson 29: Excavation — Explicit Evidence and Causality in The Sheep-Pig 117
Lesson 30: Strata — Evaluating Mr. Hogget's Decision to Train Babe 119
Lesson 31: The Justification — Constructing the CEIW Scaffold for The Sheep-Pig 121
Lesson 32: The Impact — Systemic Causality and Ecological Reflection in The Sheep-Pig 123
Lesson 33: Excavation — Re-reading The Lorax for Systemic Causality 125
Lesson 34: Strata — Identifying the Point of No Return in The Lorax 128
Lesson 35: The Justification — Constructing the CEIW Scaffold for The Lorax Revisited 131
Lesson 36: The Impact — Systemic Causality and Real-World Mapping for The Lorax Revisited 133
Lesson 37: Excavation — Explicit Evidence and Causality in Pax 135
Lesson 38: Strata — Evaluating the Father's Choice to Make Peter Leave Pax 138

What you get in this pack

Everything you need to plan and teach the course: the syllabus, the method, and forty lesson plans built on the Jurassic Thinking Cycle (Excavation, Strata, Justification, Impact).

146	**printable A4 pages** This licensed PDF: syllabus, manual and all forty lesson plans, with a contents page.
40	**lesson plans** Each with aims, materials, a timed four-phase procedure, differentiation, an assessment rubric, closure and homework.
1	**Teacher Implementation Manual** The method, the four stages of the Thinking Cycle, classroom routines, assessment and troubleshooting.
1	**Student & Family Syllabus** Course aims, core texts, term-by-term plan and the four-level reasoning rubric.
15	**editable Google Docs** The same material as Google Docs in the buyer's Drive folder, so you can adapt wording for your classes.

The set books are not included and none is quoted. Use copies your school or library owns.

Licence. One teacher or tutor. Printable, single-buyer licence. No resale, sharing, uploading or redistribution.

1. Introduction to Jurassic English™ Level 2

1.1 Mission Statement: The Architecture of Causality

At Level 2: Development, the intellectual mission transitions from foundational identification to structural connection. For learners aged 8–10, language is no longer merely a system for naming the world; it becomes the primary engine for analyzing **Causality**. We aim to move learners across the A1 → A2 threshold by shifting their focus from *what* is happening to *why* it is happening. We operate on the central premise: **If X happens, then Y feels Z.**

1.2 Pedagogical Positioning: The Transition to Textual Evidence

Level 2 occupies the crucial bridge between early literacy (Pre-A1/A1) and intermediate reasoning (B1). While Level 1 focused on physiological regulation and oral claims, Level 2 introduces **Scaffolded Written CEIW** (Claim, Evidence, Interpretation, Warrant) and **Student-Initiated Regulation**. The "weight" of the reasoning transfers from the teacher's prompts to the student's written documentation of textual evidence.

1.3 Standards Alignment: CEFR A1 → A2 & CCSS Anchors

Level 2 is meticulously mapped to international standards, ensuring that cognitive development and linguistic acquisition occur simultaneously.

Standard	Level 2 Descriptor	JE Instructional Evidence
CEFR A1	Can understand and use familiar everyday expressions and very basic phrases.	Baseline entry requirement; fluent identification of "Word Fossils."
CEFR A2	Can describe in simple terms aspects of their background, immediate environment, and matters in areas of immediate need.	Written formulation of causality: linking character action to narrative consequence using textual evidence.
CCSS.ELA-LITERACY.R.CCR.3	Analyze how and why individuals, events, or ideas develop and interact over the course of a text.	Stage 1 (Excavation) & Stage 2 (Strata): Distinguishing explicit text from inferred motives.
CCSS.ELA-LITERACY.W.CCR.1	Write arguments to support claims in an analysis of substantive topics or texts using valid reasoning.	Stage 3 (Justification): Scaffolded drafting of the Claim and Evidence components.

1.4 Core Cognitive Progression: The Causality Engine

The Development level advances the "Stratigraphy of Cognition" through a four-step evolutionary jump tailored for the 8–10 age band:

1. **Observation:** Distinguishing between what the text explicitly states and what must be inferred.
2. **Causality:** Understanding the mechanical and emotional chain reactions within a narrative ("If X → Y").
3. **Application:** Assessing the fairness, morality, or quality of a character's decision based on stated criteria.
4. **Justification:** Constructing a formal argument where the Warrant explicitly explains *why* the evidence supports the claim.

1.5 World Wise Learning — Publisher Statement

World Wise Learning (WWL) recognizes Level 2 as the crucible of academic endurance. It is here that students first encounter the friction of putting complex thoughts onto paper. Failure to properly scaffold the CEIW structure here leads to the "B1 Plateau" later. This manual provides the granular, step-by-step architecture needed to ensure every Lesson 2 cycle develops rigorous, evidenced-based thinkers.

Lesson 13: Excavation — Explicit Evidence and Causality in The Iron Man

Target Grade Level / Subject / Duration

Grade Level: Ages 8–10 (CEFR A1 → A2)

Subject: English Language Arts (Jurassic English™ Level 2: Development)

Duration: 45 minutes

Overall Learning Goals

Students will open the *Iron Man* dig site by distinguishing explicit text from inference. Ted Hughes's opening — the Iron Man at the cliff edge, the fall, the reassembly — is one of the most evocative passages in 20th-century children's literature. Today's job: separate what the text *actually says* from what the reader *imagines* and *fears*.

Specific Learning Objectives

1. Students will independently initiate the Butterfly Hug or Cool Down Pass.
2. Students will distinguish explicit textual statements from inferred meaning in Chapter 1 of *The Iron Man*.
3. Students will locate, highlight (blue), and cite (page + paragraph) at least three pieces of explicit evidence about the Iron Man's appearance and arrival.
4. Students will pass the Parrot Effect Check by orally interpreting cited evidence in their own words.

Materials Needed

- Core Text: *The Iron Man* by Ted Hughes (physical copies for all students).
- Audio version queued for Chapter 1 (the cliff fall and the reassembly).
- **Dual-coding highlighters** (Yellow / Blue).
- **Cool Down Passes** at the front desk.
- **Accountable Talk Cards** on student desks.
- An **"Explicit vs. Inferred" T-chart** projected or posted.

Detailed Procedure / Step-by-Step Outline

Phase 1: Regulation Transfer (0–7 minutes)

- **Activity:** Self-initiated regulation. Frame the new text.
- **Teacher Scripting Prompt:** "*New dig site today. The Iron Man is a story about something most people are afraid of — a giant they cannot understand. Some of you may feel a flicker of that fear yourself when we read. That is normal. Regulate now. Cool Down Passes are at the front.*"
- **Action:** Brief Butterfly Hug. Confirm Passes accessible.

SAMPLE · jurassicenglish.com/products

Phase 2: The Dig Site — Reading for the Cliff Edge (7–22 minutes)

- **Activity:** Audio + text reading of Chapter 1.
- **Teacher Scripting Prompt:** "*Today we are looking for explicit evidence ONLY. We are not looking for what we think happened. We are looking for what Ted Hughes ACTUALLY wrote. Listen. Follow the text. Underline nothing yet.*"
- **Student Task:** Students follow physical text while audio plays through the Iron Man's appearance, the fall, and the reassembly.
- **Action:** Stop after the seagulls fly past the reassembled Iron Man and he walks into the sea.

Phase 3: Excavation — Locating Explicit Evidence (22–37 minutes)

- **Activity:** Dual-coding and citation hunt.
- **Teacher Scripting Prompt:** "*I have three Claims. Prove each one with blue evidence. Citation required: page and paragraph. Claim 1 — 'The Iron Man is enormous.' Claim 2 — 'The Iron Man fell apart at the bottom of the cliff.' Claim 3 — 'The Iron Man put himself back together.' Find the explicit sentences. Show me the page.*"
- **Student Task:** Students scan, highlight in blue, and write the page/paragraph next to each highlighted sentence.
- **Teacher Move:** Press relentlessly: "*That's not the page. Show me the paragraph. Read the SENTENCE that proves my Claim. Don't summarize.*"
- **Explicit vs. Inferred check:** "*Does the text say 'the Iron Man was alive'? Or does it say something that we INFER means alive? Look carefully. The author's exact words matter.*"

Phase 4: The Parrot Effect Check (37–43 minutes)

- **Activity:** Verbal interpretation without the text in front.
- **Teacher Scripting Prompt:** "*Cover the book with your hand. In your own words: how did the Iron Man put himself back together? What did the text actually describe?*"
- **Student Task:** Students orally interpret the reassembly without peeking.
- **Teacher Move:** "*You said 'magic.' Did the text use the word 'magic'? Or did the text describe each piece finding the next piece? That is the difference between explicit and inferred.*"

Differentiation / Accommodations

- **Neuroinclusive (Dyslexia):** Audio runs the entire Phase 2. During Phase 3, pair the student with a peer who reads the target paragraph aloud while the dyslexic student locates the highlight. Pre-chunked text version available.
- **Neuroinclusive (ADHD):** Use Phase 3 as a movement break — student walks to a posted version of the chapter on the wall and highlights there. Chunk the three Claims into one at a time.
- **Neuroinclusive (Anxiety):** Strict No Cold Call. Whisper-prompt the page in advance. Allow the student to write the citation on a Post-it instead of speaking it.

Assessment & Rubric

Assessment Type: Formative Observational Assessment

Licensed for one teacher / one centre. © Jurassic English

SAMPLE · jurassicenglish.com/products

Specific Learning Objective	Emerging (Pre-A2)	Developing (A2-)	Proficient (A2)	Mastery (A2+)
1. Regulation Transfer	Disrupts class.	Uses Pass with prompting.	Independent regulation.	Pre-empts dysregulation.
2. Explicit vs. Inferred	Treats inferences as facts.	Confuses some inferences with explicit text.	Cleanly distinguishes the two when prompted.	Spontaneously names which is which.
3. Locate & Cite Evidence	Cannot find evidence.	Finds evidence; missing citations.	Finds 3 pieces with full citations.	Finds more than 3 and notes which Claim each best supports.
4. Parrot Effect Check	Repeats text verbatim.	Partial paraphrase.	Full paraphrase in own words.	Paraphrase + flags an inference the reader brings to the text.

Closure / Reflection (43–45 minutes)

- **Activity:** Causality preview.
- **Teacher Scripting Prompt:** "*Tomorrow in Lesson 14 we ask The Big Question: when the farmers find the Iron Man eating their tractors, were they right to bury him? Or were they reacting out of fear? Bring your highlighted text.*"

Homework / Extension Activities

- **Task:** Find ONE more sentence in Chapter 1 that you think is "explicit" and ONE that you think is "inferred." Mark each with a sticky note labeled E or I. Bring tomorrow.
